

Comfortable and pressure relieving
for feet, knees, hips and back

AireRx Operation Mat

Pressure relieving when standing up during long sessions, i.e. improved ergonomics during surgery and other types of standing work. Stays firmly on footstool and floor.

BENEFITS AT A GLANCE

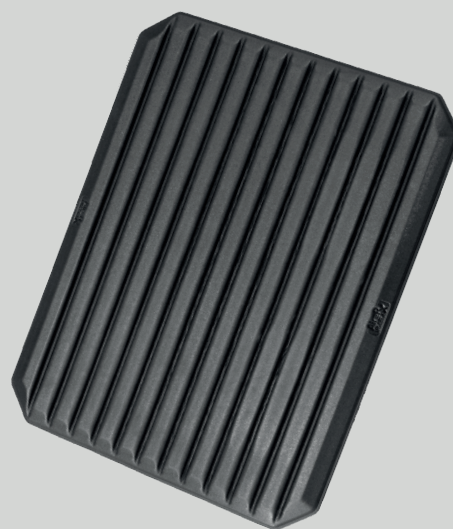

- Reduces the risk of sick leave due to reduced body impact in terms of pressure
- Drainage channels for all types of liquids
- Non-slip material reduces risk of slipping
- Eco-friendly and liquid repellent material, free of latex and PVC
- Fire-resistant and anti-static
- Very low weight: easy handling and reduced environmental impact
- Cost effective single use product: no cleaning required
- Neutral color
- Made in Sweden
